And What Have You

By BOB CRAIG

The Little League Fried Chicken Supper Saturday night was very successful according to Billy Bush, League president. He expressed his appreciation to everyone that had a part in the project.

The response on the food was tremendous, he said, with enough food left over after feeding around 300 people to feed probably another 100 or so.

The Little League program this year, as in previous years, has a large number of boys taking part and is very deserving of the support of the entire community. And like every thing else it cost a great deal of money to operate and like every thing else it seems to cost more each year.

There will probably be more efforts to help finance the program before the summer is over and your support will again be needed.

While on the subject of the Little League program we would like to express our appreciation and the appreciation of the community to all of the people that give of their time as managers, umpires and the many other tasks that are a part of a successful program, including all of the mothers that keep the concession stand open every night.

In talking with some of the people involved in the program, a problem came to light that needs some solution. It seems that some years ago it became the custom for the winning Little League team to go get a Coke and a hamburger after the game. This is all well and good except for the matter of who is to pay for this treat.

Since this can run into \$4 or \$5 a night it is too much for either the manager or the League to pay. Up to now the managers and those associated with the team that know about it have been footing the bill. But unfortunately, this does not seem to spread the bill around among enough people, if the team is very successful.

Personally, we do not know of any reason for someone feeding these kids after a game. It looks to us like the kids could either wait until they get home to eat or bring their own money. The League does furnish all of the kids a Coke after the games and that would seem to be enough except for special occasions.

Nobody seems to know how this got started nor does anyone seem to have any ideas on how to stop it. But unless some fair method is found to finance it — it seems that it should be stopped out of fairness to the coaches.

We are glad to see that the Jaycees have reopened the Miniature Golf Course this summer with James Asher running it for them. We hope that the people of the community will support the course, especially the younger folks.

We believe if you try the course you will find it not only a challenge but also a very enjoyable way to spend these long evenings that Day-Light Saving Time has brought about. Like other forms of entertainment you will find that it is more fun with a group and is a ideal way for friends and organizations to get together for a fun-filled evening.

The Jaycees have set up the rules, regulations, and rates for the Community Building with anyone interested in the building being asked to contact Bill Chapman at Heidenheimer's or Ewell Mackey, club president.

The club is charging \$5 for morning or afternoon business type meeting two-hours or less and \$10 for a night meeting. The price for an evening social runs from \$15 to \$25. The all day rates for family reunions and the like is \$15. Arrangements for regular weekly or monthly meetings should be worked out with the Jaycees.

Scouts and high school groups may use the building free for their projects and events.

The renters of the building must agree to assume the responsibility of cleaning up the building and repairing any damage they cause. They will also be responsible for the actions of those using the building.

TWO CASES HERE—

Typhoid Immunization Being Recommended

Two proved cases of typhoid fever have been reported in Hamlin during the past two weeks. One case is confined to the hospital and another is being treated at home.

Local health authorities are recommending that all citizens get adequate immunization.

The typhoid germ is transmitted by flies and mosquitoes and from hand to mouth and from improper bathroom hygiene. The germ can also be found in contaminated well water.

THE WILLIAMS AND THE SHOUTS—

Local Couples Share Three Celebrations

Mr. and Mrs. F. F. Shout and Mr. and Mrs. Harold L. Williams have several things in common that account for three celebrations that the two couples share during the year.

Mrs. Shout and Mrs. Williams, being twin sisters have the same birth date, Oct. 7. Their husbands, although not born the same year, also have the same birth date, Dec. 3, and the same birth place.

This Saturday, June 24, the couples will celebrate their anniversaries; the Shouts their 34th and the Williams their 33rd.

Mrs. Williams, the former Ina Brown, was born in Sylvester. Mr. Williams was born

at Noodle and entered school in Sylvester in the third grade when he moved there with his family. His father, the late Dr. C. W. Williams, was a doctor at Sylvester.

Mrs. Williams graduated from McMurry College in 1928 and he graduated from Hardin Simmons in 1929. She taught at Union, near Anson, and he taught at Lorenzo. They were married June 24, 1934, in a home wedding at Sylvester and moved to Ralls. While he was in service she taught in Fisher County. Following his discharge they both taught in Sylvester and then came to Hamlin in 1946.

They have been in the Hamlin Schools since this time except for three years in Dallas

in the ice cream business. Mrs. Williams teaches first grade, and Mr. Williams teaches science in high school. They attend First Baptist Church.

Mrs. Shout, the former Ima Brown, was graduated from McMurry College in 1928.

Mr. and Mrs. Shout were married June 24, 1933, in Marietta, Okla. They met while she was teaching in Grand Falls in Ward County. He was working there with a casing crew in an oil field.

Mr. Shout was born in Noodle and attended school there until moving to Okla.

They lived in Odessa following their marriage until 1945 when an accident forced his retirement. He suffered a

broken neck while at work.

Mrs. Shout taught in Sylvester in 1946 and the couple moved to Hamlin in 1947. She teaches the fourth grade. They attend First Methodist Church.

The Shouts have one daughter, Mrs. Trumond Hargis, of Carlsbad, N. Mex. Their two grandchildren are Larry Frank, 18, a recent high school graduate, and Terry, 10.

Mrs. Shout and Mr. and Mrs. Williams have received their masters degrees from East Texas State University in Commerce.

The two couples usually observe the three anniversary dates together, if not always on the right date, sometime during the same week.

Can You Match These Mothers and Daughters?*

Mother-daughter and father-son combinations aren't unusual at Southwestern Bell.

There are many reasons for this happy state of affairs. For one thing, ours is a good company to work for. For another, we offer a real opportunity for serving the public, an opportunity that calls for a true "spirit of service." We're pleased and proud

so many of our Texas employees suggest a telephone career to their children. By doing so, they help insure the business will be in good hands for many years to come. We think this is a good thing for Southwestern Bell and for our customers.
